study and further describes the field of international entrepreneurship and the internationalization of small and medium enterprises (SMEs) in Malaysia. This is followed by the research objectives, research questions and significance of the study.

CHAPTER 1 **INTRODUCTION 1.0**

Summary

Online Library

Chapter 2

Overview And Chapter 2 Summary

The first stage in a research project is developing an idea. These ideas can come through an interest in solving important social problems, through the use of the inductive method to organize existing facts, and through the exercise of the deductive method to derive predictions from existing theories.
