included in IFRS 9 (2013), and is discussed in our First Impressions: IFRS 9 (2013) – Hedge accounting and transition , issued in December 2013. IFRS 9 retains, largely unchanged, the requirements of IAS 39 relating to scope and the recognition and derecognition of financial instruments.

IFRS First Impressions - assets.kpmg

IFRS 9 also creates a fair value option for contracts that meet the own-use scope exception if certain conditions are met. This addresses the accounting mismatch that occurs when a derivative is used as an economic hedge of a commodity contract that is not accounted for as a derivative. The ASU does not include these fair value options.
