- Owners Manuals ... The only thing I don't like is if your FCA vehicle doesn't come from the factory with remote start, you can't remote start your car even though you have a MOPAR remote start system installed. The FCA representative said it was an issue of a chip that is installed only during production.

Mopar Owner's Companion on the App Store

I'm betting the OP's "remote start" add-on package that he purchased from his dealer was aftermarket, and NOT Mopar. As Dubeau9005 stated, the Mopar kits specifically state that they will not function on a manual-transmission car. The dealer is probably waiting for the aftermarket company with whom they contract to tell them they've figured out a hack for a manual transmission.
