## **About the Neonatal Resuscitation Program**

NRP is an educational program that introduces the concepts and skills of neonatal resuscitation. In Canada, NRP is administered by the Canadian Paediatric Society and is designed to teach

individuals and teams who may be required to resuscitate newborn babies.

## **Neonatal Resuscitation Program | Canadian Paediatric Society**

Post-resuscitation care is considered separately because infants who have required resuscitation are at risk of developing complications from the resuscitation and during the period after resuscitation (Frazier & Werthammer, 2007). As such, neonates who require resuscitation are usually moved to the neonatal intensive care unit for close ...
