### Peoplesoft Administrator39s Guide Books

A good book to have in your PeopleSoft library. It does give someone with a (very)good understanding of Database Administration a heads up about "PeopleSoft" and how to implement and plan integration with (different) Hardware Platforms. As a seasoned DBA, I found the book lacking in depth and concentration on configuration and performance issues.

Series was designed to cover groups of books generally understood as such (see Wikipedia: Book series). Like many concepts in the book world, "series" is a somewhat fluid and contested notion. A good rule of thumb is that series have a conventional name and are intentional creations, on the part of the author or publisher. For now, avoid ...
