Permutations 1 - Cool Math

Combinations and Permutations What's the Difference? In English we use the word "combination" loosely, without thinking if the order of things is important. In other words: "My fruit salad is a combination of apples, grapes and bananas" We don't care what order the fruits are in, they could also be "bananas, grapes and apples" or "grapes, apples and bananas", its the same fruit salad.

Combinations and Permutations - MATH

Permutation and Combination Questions. Question 1: In how many ways can the letters be arranged so that all the vowels come together: Word is "IMPOSSIBLE.". Question 2: In how many ways of 4 girls and 7 boys, can be chosen out of 10 girls and 12 boys to make the team. Question 3: How many words can be formed by 3 vowels and 6 consonants taken from 5 vowels and 10 consonants.
