Qualified Small Business Stock: Beware State Conformity ...

Sec. 1202(a) provides that a noncorporate shareholder can exclude 50% of the gain from the sale of qualified small business (QSB) stock that has been held for five years. 3 QSB stock must be stock in a C corporation; thus, Sec. 1202 is generally not available to exclude gain on the sale of S corporation stock or a partnership interest.

Qualified small business stock gets more attractive

Thanks to recent changes in the tax code, founders, employees, or investors who receive stock in small businesses may be eligible for significant tax savings under the Qualified Small Business Stock ("QSBS") exclusion—if certain requirements are met. However, eligibility partly hinges on when the stock was issued—otherwise known as the "Original Issuance" requirement—and how it intersects with the choice of a business entity.

When It Comes to QSBS, Timing Is Everything - Context | AB

By Matthew E. Rappaport, Falcon Rappaport & Berkman PLLC, New York, NY, and Caryn I. Friedman, Ernst & Young LLP, Washington, DC. Section 1202 was enacted in 1993 as an incentive for taxpayers to start and invest in certain small businesses. 1 Currently, the statute provides an

exclusion from income for any gain from the sale or exchange of "qualified small business stock" (QSBS) acquired after the effective date of the statute and held for more than five years. 2 However, the amount of ...

Section 1202: A Big Deal for Small Business

Stock acquired by the taxpayer shall not be treated as qualified small business stock if, at any time during the 4-year period beginning on the date 2 years before the issuance of such stock, the corporation issuing such stock purchased (directly or indirectly) any of its stock from the taxpayer or from a person related (within the meaning of section 267(b) or 707(b)) to the taxpayer.
