VWVortex.com - Cruise control installing

Adaptive Cruise Control in the 2019 Volkswagen Passat is designed to help you not only keep a constant desired speed but to also help you keep a safe distance from vehicles in front of you. The system uses time intervals to determine the distance between you and the vehicle ahead to ensure that you never get too close to surrounding vehicles.

How to Use Adaptive Cruise Control in 2019 Volkswagen Passat

As such, the cruise control is incorporated into the engine management system and will not have a separate fuse. There are a few things that will keep the cruise control from operating. The most common cause for an inoperative cruise control is a bad brake light switch.

Cannot Engage the Cruise Control. Your Volkswagen cruise control will not work if you have any of the following conditions: Your vehicle speed sensor is not working. If this is the case, your speedometer will not be working either. Your throttle position and engine speed do not match the input position.

Volkswagen Cruise Control Not Working - VW Parts Vortex

The road to the Adaptive Cruise Control for the Passat is long and tiring ! Firstly, we need to upgrade the ABS module that would support the ACC function. This is a must for all Passat not originally fitted with the ACC as there are different part numbers supporting this function.

Adaptive Cruise Control with City Emergency Brake on Passat B6

Hello guys! Ever since I bought my car back in 2014, I've been annoyed at the original Cruise Control. In isolation, it works fine - but the whole concept of cruise control kind of requires you to be dead alone on the road. So, I've wanted to retrofit adaptive cruise control for my car! I've checked if this is possible before, and I've been told it cannot be done unless the car came specced ...

2010 Passat 3C - Retrofitting Adaptive Cruise Control

installing cruise control TDI 101. It is a drive-by-wire car, like all modern Volkswagens, so I'd think the only thing you'd have to do is change the steering wheel and/or stalk (however that package 2012 Jetta would normally have the cruise control worked) and then activate it in the engine controller.
