Once the 'like over like' principle was established, the ethno-political inequality that characterized nation-states with weak institutional capacity led to further ethnic conflict. Waves of War demonstrates why nationalism and ethnic politics are crucial for a proper understanding of world and domestic politics over the past

White nationalism is a type of nationalism or pan-nationalism which espouses the belief that white people are a race and seeks to develop and maintain a white racial and national identity. Its proponents identify with and are attached to the concept of a white nation, or a "white ethnostate". Analysts describe white
